EmpowerMINT awards for female students/graduates 2024

Who can apply?
Only female students/graduates can apply. The requirement for the application is a completed Bachelor or Master thesis from this or the last calendar year in one of the listed STEM studies, in which women are underrepresented:

- Electrical and Information Engineering, Computer Science and Business Information Technology, Materials Science and Engineering, Physics, Mathematics and Mathematical Finance, Chemistry and Business Chemistry, Applied Geosciences, Climate Physics, Geophysics, Geosciences, Marine Geosciences

What are the aspects of the award?
The award ceremony will be held in a public faculty event and will be accompanied by a press release. The selection criteria are the technical quality and innovation of the thesis and the student’s commitment. The prize money for the EmpowerMINT reward will be **500 Euro for a Bachelor and 750 Euro for a Master** thesis.

When is the application deadline?
Applications are possible until **May 1, 2024**.
